

Dark Wolf Solutions Wins Google Cloud Public Sector Partner of the Year for North America - US Federal - Department of Defense.

Herndon, VA – April 8, 2024 — Dark Wolf Solutions, LLC (Dark Wolf), a leading provider of Google Cloud professional services, announced today that it has been recognized as the 2024 Google Cloud Public Sector Partner of the Year for North America - US Federal - Department of Defense (DoD).

Dark Wolf is being honored for its outstanding achievements in helping DoD customers achieve success with Google Cloud. The company has a proven track record delivering innovative and secure solutions that meet the unique needs of government organizations facing critical national security challenges.

“Google Cloud's Partner Awards celebrate the transformative impact and value that partners have delivered for customers,” said Kevin Ichhpurani, Corporate Vice President, Global Ecosystem and Channels at Google Cloud. “We're proud to announce Dark Wolf Solutions as a 2024 Google Cloud Partner Award winner and recognize their achievements enabling customer success from the past year.”

“We are thrilled to be recognized as the Google Cloud Public Sector Partner of the Year for the Department of Defense,” said Rick Tossavainen, CEO of Dark Wolf. “Aligning with our customer-first ethos, this award is a testament to our team’s hard work and dedication to work with our partners and help our customers achieve their mission.”

“Google Cloud brings world-class technology, scale, and innovation into the hands of our joint customers,” said Matt Munsch, Director of Dark Wolf’s Google Cloud Delivery team. “We are very proud of the outcomes we’ve driven this year ‘*bringing Google Cloud to the Mission*’. We have had success helping our customers achieve Authority to Operate (ATO) on both Google Workspace and Google Cloud. Dark Wolf is scaling our Google Cloud Delivery team to keep up with the growing demand for Google Cloud and Google Workspace for our National Security and Defense customers.”
